OUR STORY

From Local Roots to Global Trade — The Journey of Almila Group

Founded in Mersin, Türkiye, Almila Group was born from a vision to connect Türkiye's rich production heritage with the global marketplace — both as an exporter and an importer. What began as a small-scale textile trading business has evolved into a diverse and internationally active company trusted in multiple sectors.

Our roots lie in the textile industry, with a passion for delivering high-quality children's clothing and innerwear to global clients. As demand grew, so did our operations — expanding not only our export portfolio but also engaging in strategic import partnerships to bring premium international products into the Turkish market.

Over time, we have built a strong reputation as a bridge between Türkiye and the world — offering custom trade solutions, flexible sourcing, and seamless logistics in both directions. Whether it's exporting high-quality garments or importing innovative consumer products, our mission remains the same: to add value through reliable, ethical, and efficient trade.

A major milestone in our growth was becoming the exclusive distributor of Jiber, Türkiye's leading underwear brand, for Saudi Arabia and Yemen — a testament to our ability to represent premium brands in competitive international markets.

With a strong base in Mersin — a strategic logistics hub — and a growing network of partners across Europe, the Middle East, Africa, and Central Asia, Almila Group continues to grow as a trusted name in global trade.

Today, we are more than a trading company — we are a connector of markets, a builder of partnerships, and a proud ambassador of Turkish quality around the world.

Our Vision

To become a globally recognized brand in international trade by delivering Turkish quality to the world – through sustainable partnerships, innovation, and unwavering integrity.

We aim to be a reliable bridge between Türkiye and global markets, creating long-term value in every sector we operate.

Our Mission

To offer high-quality textile and consumer products to international markets through efficient export strategies

To bring valuable global products into Türkiye through strategic imports

To represent respected brands and build strong regional distribution networks

To provide customized, ethical, and transparent trade solutions for every partner

Message from the CEO

At Almila Group, we believe that sustainable success in international trade is built on trust, quality, and long-term partnerships.

Since our foundation, we have worked tirelessly to connect Türkiye's rich production capabilities with the global market — delivering not just products, but value, reliability, and innovation. Today, with our strong presence in both import and export sectors, we are proud to serve partners across Europe, the Middle East, Africa, and Asia.

Our mission goes beyond borders. We aim to build bridges between cultures, businesses, and people — through ethical trade, strategic collaborations, and a forward-thinking approach to logistics and distribution.

As we continue to grow, we remain committed to the principles that brought us here: integrity, quality, and continuous improvement. I would like to thank all of our partners, clients, and team members who contribute to this journey every day.

Let's continue to grow together — towards a more connected, innovative, and successful future.

Warm regards,
KASIM TURGUT
CEO
Almila Group

IMPORTS

Our activity

Bringing the World to Türkiye

At Almila Group, we don't just export — we also import carefully selected products from trusted global suppliers to meet the needs of the Turkish market.

With a focus on quality, innovation, and market relevance, our import operations span a variety of industries. From consumer goods to specialized textiles and niche market items, we work with international manufacturers and brands to deliver value-added solutions to local businesses.

What We Offer:

- ✓ Strategic sourcing from Europe, Asia, and the Middle East
- ✓ Customs clearance and full logistics support
- ✓ Product localization and compliance with Turkish standards
- ✓ Long-term import partnerships with a focus on trust and growth

By combining global supply with local insight, we help our clients and partners gain access to high-quality international products that enhance their competitiveness in the Turkish market.

Your gateway to global goods — with local expertise.

Global Import Solutions

Strategic sourcing. Seamless logistics. Unmatched reliability.

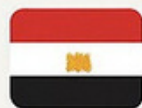

At Almila Group, we bring the world's most trusted products to Türkiye — through carefully built partnerships, smart logistics, and an unwavering commitment to quality.

From **China**, we import premium textile products, innovative homeware, and high-quality food items that meet international standards.

From **Saudi Arabia**, we bring in iron and steel — essential materials for Türkiye's construction and manufacturing sectors.

From **Egypt**, we source medical products with certified safety and quality, meeting the needs of the growing healthcare industry.

We prioritize **cost-efficiency** without compromising **quality** — enabling our partners to stay competitive in the local market.

Thanks to our robust global network, we maintain flawless lead times and smooth operations across all major international ports.

Our long-standing relationships with leading suppliers, freight companies, and port authorities allow us to manage every stage of the import process — from supplier selection to final delivery — with precision and reliability.

EXPORT

Our activity

Almila Group began as a bold idea in the heart of Mersin, Türkiye — a city known for its deep-rooted trade heritage and strategic location. What started as a small-scale trading operation has grown into a dynamic, multi-sector company with a global presence.

From the very beginning, our vision was clear: to build a bridge between Turkish quality and the world. With a deep passion for textiles and a strong belief in the power of honest business, Almila Group was founded with the goal of becoming a trusted name in international trade.

Our journey started in the textile sector, where we focused on custom-designed children's clothing and quality underwear. With each shipment and every partnership, our reputation grew. We took pride not just in our products, but in the values we stood for: reliability, quality, and long-term relationships.

Over time, we expanded our operations to include real estate investments and diversified product exports — delivering not just textiles, but value-added services across Europe, the Middle East, Africa, and Central Asia.

One of the key milestones in our journey was becoming the official distributor of Jiber, Türkiye's leading underwear brand, for Saudi Arabia and Yemen — a partnership that reflects our ability to represent world-class brands in international markets.

Today, Almila Group continues to grow with the same entrepreneurial spirit and dedication that defined our early days. With a strong global network, a commitment to innovation, and deep respect for our roots, we move forward — one partnership at a time.

This is not just our story. It's the story of everyone who believes in growth, trust, and the power of Turkish trade.

Expanding Global Reach with Passion and Purpose

Textile Products

As Almila Group, we proudly market a wide range of textile products to the global market — with a special focus on Gulf countries and beyond. Our export operations include not only finished textile goods but also raw fabrics and textile waste materials, meeting the demands of a wide variety of industries worldwide.

ALMILA
TESETTÜR

Driven by a passion for originality and quality, we also promote our in-house brands, **Vera Kids** and **Almila Tesettür**, both of which reflect our unique design vision. Our goal is to introduce these collections to international markets — a vision that inspires us to move forward with even greater dedication every day.
